

Introducing:
Unlimited Peace of Mind...

UNLIMITED one year **SERVICE PLAN**

the facts:

Computers break. Hard-drives fail.
Viruses develop. Software becomes
outdated. Backups need checked.
Things just won't work.

Your computer needs serviced regularly-

"tuned up" to fix these problems before they make your PC unusable.

the plan:

One year, unlimited drop-off service,

for a price that's less than many computer superstores charge just to look at your computer
(and much less than it costs to buy a new computer if yours crashes).

Just bring in your PC, and **we'll fix any infections or problems that arise** relating to:
software, Windows, drivers, popup ads, programs, toolbars, ipod data, outlook, and more.
(Parts and hardware not included)

the deal:

For only **\$199**, your computer is covered for an entire year.

With your PCR Service Plan card, you can drop-off your PC at
Pat's Computer Rescue in Hudson or Medina whenever a problem occurs
(or get it tuned up, **before** a problem can occur).

Plans can be renewed for just \$149.00, or transferred if you purchase a new computer. Great rates for multiple computers.

any questions? Call...Hudson: 330.342.4728, Medina: 330.725.7287
